CS1330-1E

Overview

Take business communication to the next level with the V7 Professional Webcam CS1330. Featuring a true 1.3- megapixel sensor, built-in microphone and video capture up to 30 frames per second at 1280x1024 resolution, the V7 webcam offers superior live images and sound.
An ideal solution for face-to-face virtual meetings with co-workers in other locations, the webcam is compatible with Windows XP/Vista/7 and includes a universal clip/stand for easy mounting on desks or flat-panel monitors.
Easy Mounting with Plug-and-Play Connectivity
Use the included versatile clip/stand to attach the CS1330 webcam to your monitor or desk surface. The device is plug-and-play for Windows XP/Vista/7, with no drivers to install for most common applications that use a webcam.
